Multigenerational Sailing Adventures

Among the biggest trends in travel these days is multigenerational trips. Traveling around the world with parents, siblings, kids, grandkids, and dear family members can be a wonderful and enriching assortment of shared one in a lifetime experiences. What better way to discover the world with your loved ones on a small luxury sailing ship? On Star Clippers guests of all ages will find their happy place. There are no rigid schedules and no overwhelming sense that there's not enough time. Families can fill their day with activities or nothing at all, the choices are always there to decide. The Captain's daily briefing on deck is wonderfully informative and a chance to hear some great story telling from our enthusiastic leaders. And there are events and activities for the whole family, such as knot tying, navigation classes, athletics, lounging on the net, and climbing the mast.
